

Champagne LUTUN

Invitation

Happy travel from roundness of Meunier
and finesse of Chardonnay

Chardonnay 60 %, Pinot Meunier 30 %,
Pinot noir 10 %

The challenge of Invitation is to blend the two Chardonnay and Meunier grapes without any dominance of one of each in tasting this cuvee for the wine lover.

Nose is elegant, delicate and printed by the intense aromas of meunier.

First palate sensation is going to fresh white fruit as pear, and a surprising intensity. In a second time, the chardonnay provides a touch of finesse and an aromatic complexity.

A final quite long because of Chardonnay, clearly close to citrus as lemon or pomelo. The 10 % of Pinot noir help us to give wine a nice structure.

Available in bottle (750 ml)
