The 2023 was a welcome warm and a mild vintage which has produced a rose wine full of strawberry and fruit salad flavour.

It is full bodied but with a long-lasting end palate Mike and Judy fell in love with the Rose' wines in Provence and wanted to make a similar one from Their cool-climate single vineyard high in the Adelaide Hills.

This is not a sweet pink drink, but a serious wine made from Pinot Noir, resulting in a wine of intense flavour and a long finish. The wine has a wonderful "eye of the partridge colour" of true Rose'. The Wine has a wonderfully balanced body and structure. Think cherry and strawberry fruit, with a savoury, crisp dry finish.
