Tasting Notes

Golden yellow in color with delicate aromas of tropical fruits such as pineapple with notes of mandarin orange and honey. The palate is fresh and well rounded.

Vinification

The grapes that go into this wine come from the Molina area, close to the Andes Mountains in one of the coldest sectors of the Curicó Valley, which lends the wine good acidity and a fresh, mineral character. The grapes were harvested in late March, crushed, and submitted to a 2-hour cold maceration at 8°C prior to alcoholic fermentation at temperatures controlled to 13°-14°C over the course of approximately 25 days.

Pairing Suggestion

Perfect with salads, mild cheeses, and fatty fish such as salmon.
