**Tasting Notes.** Our little Pufferfish baby here says, “Screw it” to all that noise and takes the best of both worlds. We’re talkin’ Côtes du Rhône vibes mixed with California White Zin. That’s right, we got all the grown-up fruit punch flavors you could ask for, and it’s a damn miracle. And let’s not forget about the blend, baby. Zinfandel is the workhorse here, with Carignan, Petite Sirah and Chenin Blanc as her backup dancers. You take one whiff of this, and you’re met with an explosion, and not just the candy, although we do love that too. We’re talkin’ berry compote, fresh orange peel, and wild raspberry. we’re on the Fruitomic Punch and Double Dare Berry end of the spectrum, right? ‘Cause let’s face it, we’re all suckers for a good fruity gush. And when you combine all these juicy fruits with the savory herbaceous quality it’s a complex quaffer’s dream.
