CORDUROY

Skin Fermented White Wine

-
- Riesling, Chardonnay, and Albariño co-fermentation on skins
 - Organically grown Sonoma Coast fruit
 - Handcrafted in Sebastopol, California
 - Bottled unfiltered
 - No added sulfites

Honeyed orange in color, the 2021 Corduroy is reminiscent of a golden sunset haze. Layers of ripe papaya, yuzu marmalade, orange flower, and a hint of pumpkin spice unfurl in the glass. Crisp acidity pops on the palate and lifts flavors of makrut lime zest and earthy apricot. A touch of tannic friction coupled with a note of almond skin adds an alluring texture befitting its name. Take your time to savor this intriguing orange wine chilled alongside an assortment of your favorite cheese and charcuterie to really highlight its compelling structure.
