ACID:	6.4 g/l
pH:	3.54
ALCOHOL:	14.0% v/v

VINTAGE 2020

There are few Australians who will forget the 2019/2020 summer as bushfires burnt across the Eastern seaboard after a dry winter and spring. Thankfully there were no fires in central Victoria, and although it was smoky at times in Nagambie Lakes, Tahbilk fruit was not affected by smoke taint.

The dry winter and spring had our vineyard staff diligently monitoring soil moisture and irrigating when necessary. January and February saw temperatures fluctuating from blazing hot 40 degrees plus days to very mild 20-degree days.

Initially the very hot days seemed to slow the ripening but, similar to recent vintages, we commenced picking in early February.

The unforgiving season continued through harvest, with tropical storms resulting in weekly rainfall that, whilst irritating to the Vineyard and Winery crews, was not enough to significantly impact yields or initiate disease.

All varieties came in with excellent colour and flavour and 2020 will be a vintage of very good whites and terrific reds – not unusual for a dry season.

Jo Nash
General Manager & Chief Winemaker

ABOUT THE WINE

Established in 1860, Tahbilk is located in the premium central Victorian viticultural region of Nagambie Lakes. Purchased by Reginald Purbrick in 1925, five generations of the Purbrick family have been actively involved with the Estate bringing a tradition of pride, hard work and a love of good wine to their unique heritage of being the oldest family owned winery and vineyard in Victoria. Tahbilk has some 28 hectares of Estate Cabernet Sauvignon, the oldest vines dating back to 1949.

Crafted with a commitment to traditional wine making values, fermentation takes place in original open vats over 155 years old, with maturation then in similarly aged large French oak prior to bottling. Smaller predominantly French oak barrels are also used, with the wine from these blended back during the final filtering and bottling.

Tahbilk Cabernet Sauvignon releases have shown consistently over time considerable richness and character and are considered by many experts to be the best Estate red for long-term cellaring.

TASTING NOTE

"Rated as a year producing 'terrific Reds', notes of mint and cassis alongside black olive and herb notes instantly identify this as tahbilk Cabernet Sauvignon.

A sturdily constructed palate of blackcurrant blackcurrant and dark plum fruits supported by firm but not intrusive tannins complete its identikit picture.

Offering delicious current enjoyment, a proven cellaring ability will see additional complexity develop out to 2032/2037."

Alister Purbrick
4th Generation and Winemaker
